

Exercise Management Course

Summary

This course develops the abilities of delegates to develop and manage a wide range of exercises, from a small scale Emergency Response Team to a multi-agency community emergency management exercise.

Course Covers

- Why run exercises and what is the purpose of running them.
- What are valid exercise aims and objectives and what makes them so.
- What are the advantages and disadvantages of different types of exercise.
- What is the process to develop a safe and effective exercise.
- How to make an exercise realistic and yet safe.
- Documentation needed to support the exercise.
- How to review exercise performance against the objectives and its purpose?

Duration

One day.

Course Author and Presenter

The course is presented by members of the NORMIT team who have a wide range of experience in Emergency and Business Continuity. Sarah Alcock Dip EP FEPS MBCI is the lead tutor on the course. Sarah has been an Emergency Planning practitioner for 10 years and has experience of working with private and public sector organisations to deliver a vast range of training and exercise programmes.

Cost

£400 per delegate – This includes refreshments and course material.
EPS and BCI Members receive a 10% discount.

NORMIT Members £150 (Voluntary / Charity members £100)

This course has been endorsed by the Emergency Planning Society (EPS). Delegates who attend this course are entitled to 12 months free Associate Membership of the EPS and can claim up to three CPD points.
